WHAT IS IT?

The app allows for Group Leaders and
Chaperones to track the location of
people and data
present by via
electronicall

HOW DOES IT WORK?

When a chaperone or group leader
needs to verify the presence of
everyone in the group, a quick look
at the passenger list shows who is
present and who is unaccounted for.
If someone is missing, they'll be
able to identify his/her location on
a map and initiate contact via
message or call to get them back.
